### Address

Amman, Yasmeeen

### Portfolio

## Education

2020 - 2024

Bachelor's Degree in Software Engineering

Mutah University

## Courses & Certifications

Jan-Jun

### COURSES & CERTIFICATIONS

Full-Stack Web Development — Pathway

## Technical Skills

- Languages: JavaScript, Python, PHP, HTML, CSS
- Frontend: React, Next.js, Tailwind CSS, shadcn/ui
- Backend: Node.js, Express.js
- Databases: Supabase, MongoDB, MySQL, PostgreSQL
- Tools: Git, GitHub, Docker, Figma, NPM, Yarn
- Testing: Manual Testing, Debugging

## Language

- Arabic: Native
- English: Professional working proficiency

# Mohammed Abdallah

## SOFTWARE ENGINEER

### Professional Summary

Software Engineering graduate with hands-on full-stack experience (React, Next.js, Node.js, Supabase). Skilled in building responsive UIs, integrating APIs, and deploying scalable apps. Strong in debugging, performance optimization, and Agile teamwork.

### Projects

- Banking Simulation App — Python, Flask, SQL
  - Developed a simulation system with secure authentication, transaction management, and real-time balance updates.
- Full-Stack Web Application — React.js, Next.js, Tailwind CSS, Supabase, shadcn/ui
  - Built authentication and database management system with responsive UI.
  - Translated Figma designs into reusable React components with shadcn/ui, ensuring consistent styling and accessibility.
  - Deployed on Vercel with optimized performance (lazy loading, code splitting).
- E-commerce Platform — Next.js, Prisma, Supabase, shadcn/ui
  - Created user and admin dashboards with modern UI components using shadcn/ui.
  - Integrated payments, authentication, and real-time database features.
  - Managed deployments on Vercel with GitHub Actions and environment variables.
